Good morning Johnny,

Consistent with our conversation at the board meeting yesterday, attached is a draft letter for you to edit in any way you think appropriate to follow up with the people you agreed to contact about contributing to the ongoing operations of the Crime Commission. Also attached is an excel spreadsheet with contact information for your group. If you think emailing this letter would be more effective, just edit the fifth paragraph relating to ways to contribute. I'll follow up with you soon.

Johnny, please know how much we truly appreciate your support!

Linda
